RE: Appeal of Bear decision for Billed entity 133931 Onamia School District 480.

To whom it may concern:

We are requesting to appeal the decision to not fund bear forms filed for Onamia School District 480,
Bear Invoice Numbers:

2540345

2540353

2540243

2540389

The invoices in question were created and completed by the invoice deadline on 2/27/2017. The invoices were certified late because Onamia's form 498 was not approved and so the invoices could not be submitted.

The FCC helpdesk in charge of the 489 advised during a call on 2/27/2017 that because of the delay in processing that the invoices should be submitted once the 498 was approved and if they were not automatically approved that an appeal should be filed and the invoices would be funded.

Additional to the FCC helpdesk USAC cases were submitted regarding 498 status on 2/27/2017. Case numbers #158089 and #158150.

Because of the inability to file a Bear invoice without the 498 approval the invoices were delayed. WE were aware of the requirement for electronic filing but were not aware of the significant delay in processing the 489 or of the inability to file the invoice prior without the 498 certification.

We appreciate your prompt attention in this matter.

With Regards,
Daniel O'Reilly
